FEATURED PROJECT

QURAN PORTAL

- Sliced and crafted the UI design, ensuring a visually appealing and responsive layout across devices.
- Integrated a public API to seamlessly retrieve Quranic surah and verse data.
- Implemented key features such as verse search and intuitive surah navigation for enhanced user experience.
- Developed a dark mode and light mode option to accommodate user preferences.

Demo : <https://quran-portal.vercel.app>

MOVIE PULSE

- Sliced and crafted the UI design, ensuring a visually appealing and responsive layout across devices.
- Leveraged the TMDb API to efficiently retrieve comprehensive movie data, including details, ratings, reviews, and more.
- Implemented interactive features such as advanced search functionality and intuitive navigation.

Demo : <https://movie-pulse.vercel.app>

CHOMP RESTAURANT

- Sliced UI design, ensuring a visually appealing and responsive layout across devices.
- Create an add to cart feature using useContext react js.
- Public API integration of random quotes to be placed in the footer.
- Using framework framer motion to create simple animations.
